To: Dr. Charles C. Killingsworth, Coordinator
From: Dr. Edward W. Weidner, Chief Advisor
Subject: Memo re Field Administration Recommendations

The attached memorandum from Wally Mode in my opinion is a supreme compliment from USOM as well as the Government of Vietnam on our field administration project. I recommend most strongly that this be given to the four Deans and President Hannah as well. The fact that USOM has required implementation of our recommendations for additional aid to be forthcoming is most remarkable and we think that even President Hannah ought to have this brought to his attention directly.
