LE RECTEUR

n° 2205/DHL/VP

Saigon, July 11, 1956

Dear President HANNA,

During my stay at East Lansing I told you how much I would appreciate the cooperation of a number of distinguished American Professors for our University.

Since my return to Saigon, I have been approached on the matter by the Cultural Officer of the American Embassy ; I have also written to Mr. ESPINOSA of the I.C.A. in Washington. Here-enclosed you will find a copy of my letter stating my exact requirements.

In view of the friendly relations between our University and yours, I should be particularly happy if you could send over to us some of the professors requested. Perhaps you will be so kind as to touch a word of it to Dean Milton E. MUELDER and Dean Clifford E. ERICSON.

I am leaving on a mission to Europe, but I hope to see, before my departure, Doctor WEIDNER whom I shall greet with the utmost pleasure, and to whom I propose to extend all facilities for his sojourn in Saigon.

Allow me again to thank you most heartily for your warm welcome in the U.S.A.

Yours sincerely.
