Dear Jack:

If you have not seen this week's copy of The National Observer I suggest that you acquire a copy and read the column on the left of the front page written by Mr. James M. Perry. It has to do with Mr. Scheer of Ramparts magazine, and outlines his aspirations to attempt to wreck the Democratic Party. It helps to give an insight into the kind of people that some of those connected with Ramparts magazine are.

Sincerely,

President

The Honorable Jack Faxon
House of Representatives
State Capitol
Lansing, Michigan
