Dear John;- I intended writing you from Fla where we spend 5 months in the winter but did not manage it. So many of us are disgusted with the pseudo investigations growing out of some book or article by a negative disgruntled character. Everywhere I go the "stock" of M. S. U., under your brilliant & dedicated leadership is rising all the time. In the South so many fine things are said by the dynamic & constructive people at M. S. U.

My name sake William Whitehouse is a Junior & his family as well as himself are so pleased with the work at M. S. U.

Take every care of yourself - you have  
a host of friends & admirers.

We keep busy - I evaluated 160  
Coll & Blair this year for one of the  
Foundations. This is the fifth year I have  
done this assignment.

With warm personal regards.

Please do not take time out of your  
busy life to reply. Adèle & I are to be  
guests at the luncheon & dedication of the Henrietta  
Cerrillos at Adrian. John Dawson is doing fine work.

Dear William:

Thank you very much for your kind letter of the 16th.  
It was sincerely appreciated.

Sometime I hope to look up your grandson and become  
acquainted with him. Your report about his progress  
and happiness is reassuring.

With kind regards to you and your good wife,
