April 27, 1966

Dear Senator McNamara:

I am sure that the controversy generated as a result of the article in Ramparts magazine accusing Michigan State University of operating a CIA undercover operation as a part of its project in Vietnam between 1955 and 1962 has come to your attention.

It occurs to me that you or your staff might like to have a copy of the official University statement. One is attached for your information.

With kind personal regards,

Sincerely,

President

The Honorable Patrick V. McNamara *(not sent - died 4-30-66. Letter mailed 5-2-66)*
