TO: Mr. Stanley Gabis, Acting Coordinator
FROM: Dr. Ralph H. Smuckler, Chief Advisor
SUBJECT: Information on MSU Dormitories

At a farewell breakfast yesterday morning the President reminded me somewhat to my embarrassment that he would like to see some of the plans and literature concerning the MSU dormitories, Kellogg Center, etc. He is interested in this matter because quite a bit of resettlement planning is taking place and he would like some of his architects and engineers to get some fresh ideas about building, room arrangements, etc. Was Fishel might be able to suggest what is in the President's mind on this since I believe he was present when the matter was discussed before.

Would you please collect these materials as quickly as possible and mail them to us so that Lloyd can send them to the President?
