

BIBLIOGRAPHY OF PERIODICALS PUBLISHED IN VIET NAM

Prepared by Nguyen Xuan Dao  
Special Project Assistant, Research Section  
and  
Richard K. Gardner, Library Advisor

This bibliography is an attempt to list all periodicals of research value published in Vietnam from the period of French colonial domination to the present day period of national independence.

The bibliography is divided into two parts; (1) Periodicals Published Currently and (2) Periodicals No Longer Published. In the first list we have attempted to give the address of the publisher and the current subscription rate (in Vietnamese piasters) in order to aid interested individuals and libraries to obtain these periodicals. Brief annotations of contents are given whenever the titles do not indicate the subjects covered. All Vietnamese titles have been translated into either English or French.

In the second list, Periodicals No Longer Published, an attempt has been made to give the birth and death dates of all periodicals and to trace the evolution of changing titles. This has proved especially difficult for the official publications of the war period (1940-1954) when the political regimes governing various parts of Vietnam changed so frequently. We hope that we have shed some light on publications of this period, however, for those scholars interested in the history of Vietnam.

The authors would be grateful for suggested additions to this list.

PERIODICALS PUBLISHED CURRENTLY

Acta Medica Vietnamica. Quarterly. University of Saigon, Faculty of Medicine and Pharmacy, 28 duong Tran Quy Cap, Saigon. Free. Jan. 1957-. In French; summaries in Vietnamese and English. News of medical research in Vietnam.
