6 January 1958

John A Hannah, President Michigan State University Campus

Dear President Hannah

On 2 December I flew to New York in connection with some work I had undertaken as a consultant to the Ford Foundation, and to visit with officials of business and banking concerns in New York and in Washington, DC regarding problems of professional training and education.

The visit with Ford Foundation officials was satisfactorily completed. I spoke with ranking personnel in the Standard Vacuum Oil Co at White Plains, the First National City Bank of New York, the Research Institute of America, and the Asia Society, among others.

In Washington I was in contact with various senators and staff members of the Senate Foreign Relations Committee and with officials of the Department of State, USIA, ICA, CIA, and the Office of Special Operations in the Office of the Secretary of Defense.

I returned to East Lansing on 5 December.

Sincerely

Wesley R Fishel, Professor Political Science
