Dear Manny:

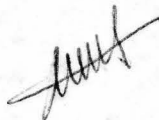

I was delighted to receive your nice letter and the copy of the prompt and satisfying response to Mr. Zimmerman's request for a hunting permit.

Please accept my sincere thanks for your expeditious handling of this matter. It shows what efficient hands are holding the reins of the Tourist Office today.

I have been a bit distressed to learn that the Pan-American Hotel Project is not moving ahead rapidly. I hope this is purely a temporary situation and that there will be much progress evident in the months ahead.

Please accept my congratulations on the fine work you are doing and my best wishes for your continued success.

Cordially yours,

Wesley R. Fishel

Thank you very much for helping in this matter. Best wishes,
