John A Hannah, President
Michigan State University
Administration Building
Campus

Dear President Hannah

On 29 April you received a copy of a letter from Francis J Brown to Richard Humphrey concerning his report of a trip to the Frat East, in which he commented concerning the lack of coordination between the Michigan State University Project in Saigon and other United States programs. Mr Brown's letter was dated 9 April. The reference to Michigan State was included in the first paragraph beginning on page two through the completion of the first paragraph on page three.

Since the criticism was rather severe in nature, we decided that we should send it to our people in the field for their use and comment. I am enclosing a copy of Dr Wesley Fishel's response to Dr Brown's memo.

Sincerely

Glen L Taggart, Dean
International Programs
