Dr. John A. Hannah, President
Michigan State University
East Lansing, Michigan

Dear Dr. Hannah:

The faculty members who have been at Michigan State University over a period of time, working their way through various academic ranks and administrative assignments frequently are silent on such matters as the one the university has faced recently. This silence should not be construed to mean that we are not interested in our university and its posture in the academic community.

We have no reason to question the integrity of the academic and administrative leadership of our university.

Cordially yours,

James Don Edwards
Professor and Chairman
