COMMISSION ON INTERNATIONAL EDUCATION

May 13, 1966

Dr. Ralph Smuckler
Acting Dean
International Programs
Michigan State University
East Lansing, Michigan 48823

Dear Ralph:

Dave Bell wisely opened the Advisory Committee meeting with a run-down of the MSU matter. The chief salient points did not conflict with President Hannah's statement.

Dave's summary conclusions were acceptable (i.e., raised no great discussion)--that experience showed the unwisdom of undertaking counter-insurgency work outside of the direct-hire pattern, and that the MSU experience had been an isolated one which was unlikely to be repeated.

All of the best.

Cordially,

Richard A. Humphrey
Director
