Dear President Hannah -

I am enclosing
editorial from today's Chronicle,
it occurs to me
that this should be challenged
as it is both dullish + seem-
ing untrue. It is in poor
taste considering the past
& present situation at
Berkeley.

Chancellor McHenry
is to be inaugurated here

at U. of C. Santa Cruz on May 8,
I understand that only
people in California are
invited. Charter day
will also be celebrated.

With best wishes

Dear Mr. Hilton:

Thank you very much for sending the editorial from the San Francisco Chronicle and for your suggestion that its conclusions be challenged. The University did respond to this and other newspaper criticisms in the form of an official statement read at a press conference on April 22. I am enclosing a copy for your information.

Your continuing interest in Michigan State University is appreciated.

Sincerely,

President
