Dear President Hannah:

My recent trip to Washington and New York, June 16-20, served several purposes. The visit to Washington served as a de-briefing session for me and also involved discussions with the State Department, ICA, CIA and the Vietnam Embassy regarding various aspects of our Vietnam program.

In New York, I attended a meeting of the Executive Committee of the American Friends of Vietnam, which group I addressed on the subject of the NSU Vietnam Project.

Sincerely,

Wesley R. Fishel
