Navy 150, c/O Fleet Post Office  
San Francisco, California

Dear Bob:

C  
O  
P  
Y

In answer to your question, no I know of no panels which will deal with Vietnam. Would that I did, or I would be happy to commend your splendid speaking voice, your appealing intensity, your deafness in French, and your command of the names of the 58 most important cities in Vietnam to the appropriate panel chairman! If I count it correctly, however, MSU will have no more than four people on the entire APSA program in September, and none of those will have any connection with Southeast Asia, the underdeveloped countries, etc. etc.

However, I hope to be able to work you and John and Ralph into the October meeting on Vietnam on some point, either as paper-givers or as discussants. Unfortunately, I am not even in a position to guarantee this, although obviously I will do my best to try to bring it about.

I am looking forward eagerly to seeing you all in a few weeks. In the meantime my very best, please, to June and all.

Cordially,

Wesley R. Fishel  
Professor
