Dear Mr. Edward:

I am sending you by messenger the papers listed below as background material for the subject "Social Activities in Vietnam". I sincerely hope you will agree to present a paper for us and only regret that we have not given you much time in which to prepare a report. We are hoping, however, that your extensive background and firm views will enable you to help us out in so short a time.

The papers enclosed are:

Regional Conference on Public Administration, Philippines,  
1958: Subject No. 1, Administration of economic and social

Orphanages and their Activities (bi-lingual)  
A General Survey of the Evolution of Justice in Vietnam  
before and after July 7, 1954

Sincerely,

P.S.: These papers may be returned at your convenience, since they come from Professor Fishel's personal files and are, I believe, the only ones available.
